

Workshop Collaboration Framework 2020

Structure

Workshops

Each term, the partnering society will co-host 4 of our **centrally-run online workshops**. These workshops will be co-hosted by all of our participating partners thus providing significant inter-university networking opportunities.

The workshop series will take place through 2 terms (Term 1 = up to Christmas 2020; Term 2 = January 2021 until Easter 2021). After Easter is not viable due to exams.

Student Leaders

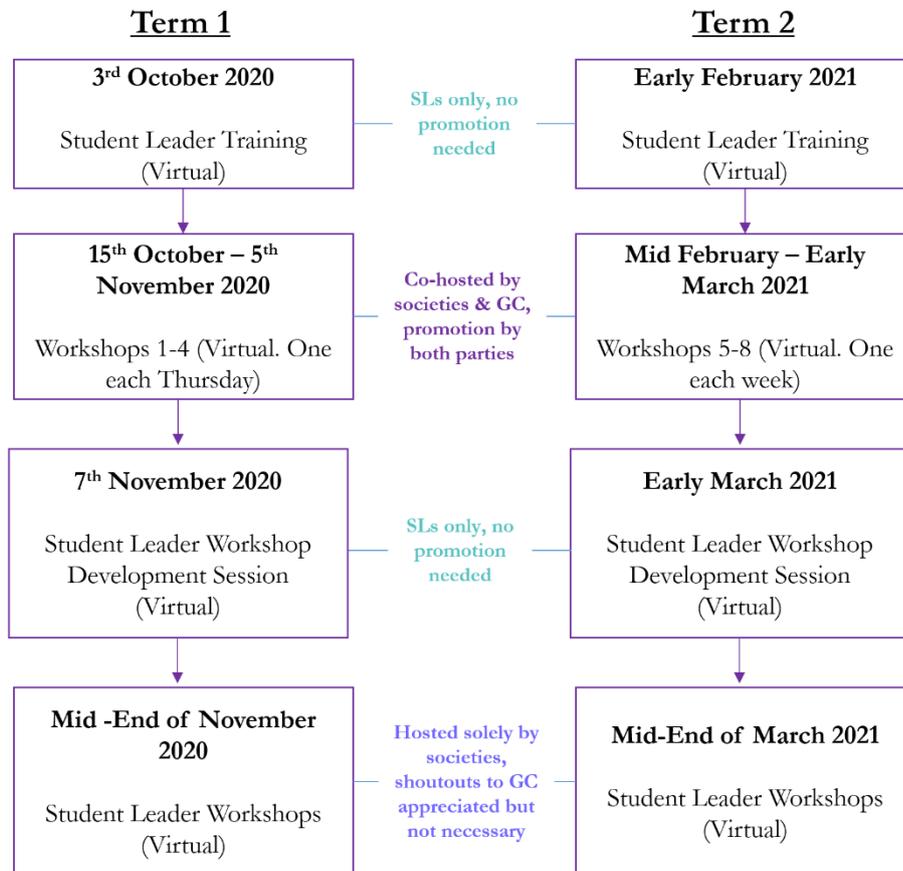

Up to 4 Student Leaders from each society each term will be trained to facilitate breakout rooms within our online workshops as hands-on leadership experience. Following the workshops, the Student Leaders will have a training session where the Girls in Charge team will help them create their own workshops which they can then run within their societies. For the workshops developed and led by the Student Leaders, we do not request to co-host or have our branding visible, but a mention would be much appreciated.

Student Leaders are to be selected by the society and can either be part of the committee or a member. We would love to have some first-year students.

Workshops

1. Personal Branding and Upping Your LinkedIn Game
 2. Body Language in a Digital World
 3. Networking Online & Offline
 4. Creativity & Business
-
5. Public Speaking
 6. Be in Charge: KPIs for personal and business development
 7. Pitching Yourself and Your Business
 8. Resilience Mindset

Timeline

Student Leader Workshops

We are happy for Student Leaders to develop workshops according to their own interests and those of the society, but as a guide, here are some possible topics:

- Confidence through Fashion: Identifying Your Own Style
- Networking: How to Ask Great Questions?
- Perfecting ‘Tell Me About Yourself’
- Exploring Different Paths Together

Feel free to ask us questions, our email is hello@girlsincharge.co.uk

We look forward to working with you!
